Scientia Unescamus—Let us be united by knowledge. At Mercia, we are united by our love of knowledge and we maintain our natural curiosity. It seems only fitting therefore, that Mercia pupils express their curiosity and knowledge through creative mediums such as Music, Dance, Drama, Art, Sport and performance.

The performances you will have the pleasure of watching this evening, are testimony to the hard-work, creativeness, resilience and commitment of just some of our talented Mercia pupils.

At Mercia we believe that working hard to the best of our ability is the way to achieve excellence. The pupils involved in this evenings showcase absolutely personify this core belief and have demonstrated outstanding levels of commitment, determination and resilience.

Thank you to all involved for showing us what is it to be a part of Mercia School.
